

CTBT: Science and Technology 2019 Conference

Monday, 24 June 2019

T2.4 Atmospheric and Subsurface Radionuclide Background and Dispersion - Rittersaal (16:00 - 18:00)

time	[id] title	presenter
16:00	[251] Assessment of Temporal Variations of Natural Radionuclides Beryllium-7 and Lead-212 in Surface Air in Tanay, Philippines	CRUZ, Paolo Tristan
16:15	[285] Contribution of all nuclear research reactors to the global radionuclide emission inventory	TAYYEBI, Pouneh
16:30	[186] Half a century of krypton-85 measurements in the atmosphere of Central Europe	BOLLHÖFER, Andreas
16:45	[211] High Resolution stack data from fission based Mo-99 production	FRIESE, Judah
17:15	[276] Search for radionuclide signals at IMS stations possibly associated with announced DPRK nuclear tests	KALINOWSKI, Martin B.
