

# CTBT: Science and Technology 2019 Conference

## Tuesday, 25 June 2019

### T1.1 Atmospheric Dynamics - Forum (18:30 - 19:45)

time	[id] title	presenter
18:30	[155] Temperature and wind atmospheric lidars as tools for the validation of infrasound propagation models	HAUCHECORNE, Alain
18:45	[110] The Effect of Atmospheric Boundary Layer on the Detected Radionuclides in Kuwait	AL-RASHIDI, Mufreh
19:00	[95] Uncertainties in Numerical Weather Forecasting Models and infrasound simulations as observed by the ARISE project	BLANC, Elisabeth
