

Dmitry A Storchak & Ryan Gallacher

P3.4-587

- Dedicated access to ISC data is provided to NDCs and the PTS via the CTBTO Link Website
- The Website is accessible through the Single Sign-On Web Portal of the CTBTO
- Features include area based searches of ISC products and the IDC Reviewed Event Bulletin
- The website has more tools and functionality than the publicly available ISC website

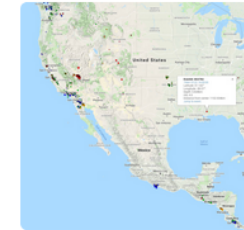

Area based search

IDC Reviewed  
Event Bulletin  
(REB) search

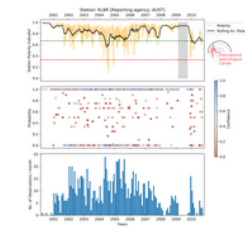

Station based  
search

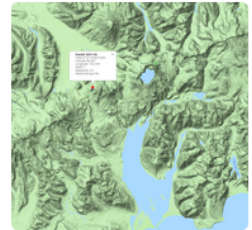

GT search

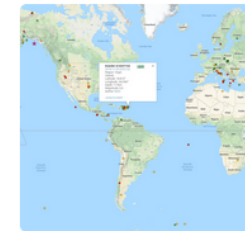

*Waveforms of the Borovoye archive from nuclear explosions (1967 - 1995) are now available under the GT search. For more information click here.*
