

Yasameen Hameed Shamkhi

The National Nuclear, Radiological, Chemical and Biological Regulatory Commission

P5.2-613

- My poster is about the installation of the Capacity Building System (CBS) in Iraq in May 2024.
- Analysis of the Northern Iran earthquake on October 5, 2024, which was detected by CBS.
- Analysis of the major earthquake in Vanuatu on December 17, 2024, detected by both International Monitoring System (IMS) stations and non-IMS stations, including the Iraq Seismic Network in IRIS.
- Visit my poster for details ([P5.2-613](#)).
