

## Enhancing the Role of National Data Centres in CTBT Verification: A Framework for Capacity Building

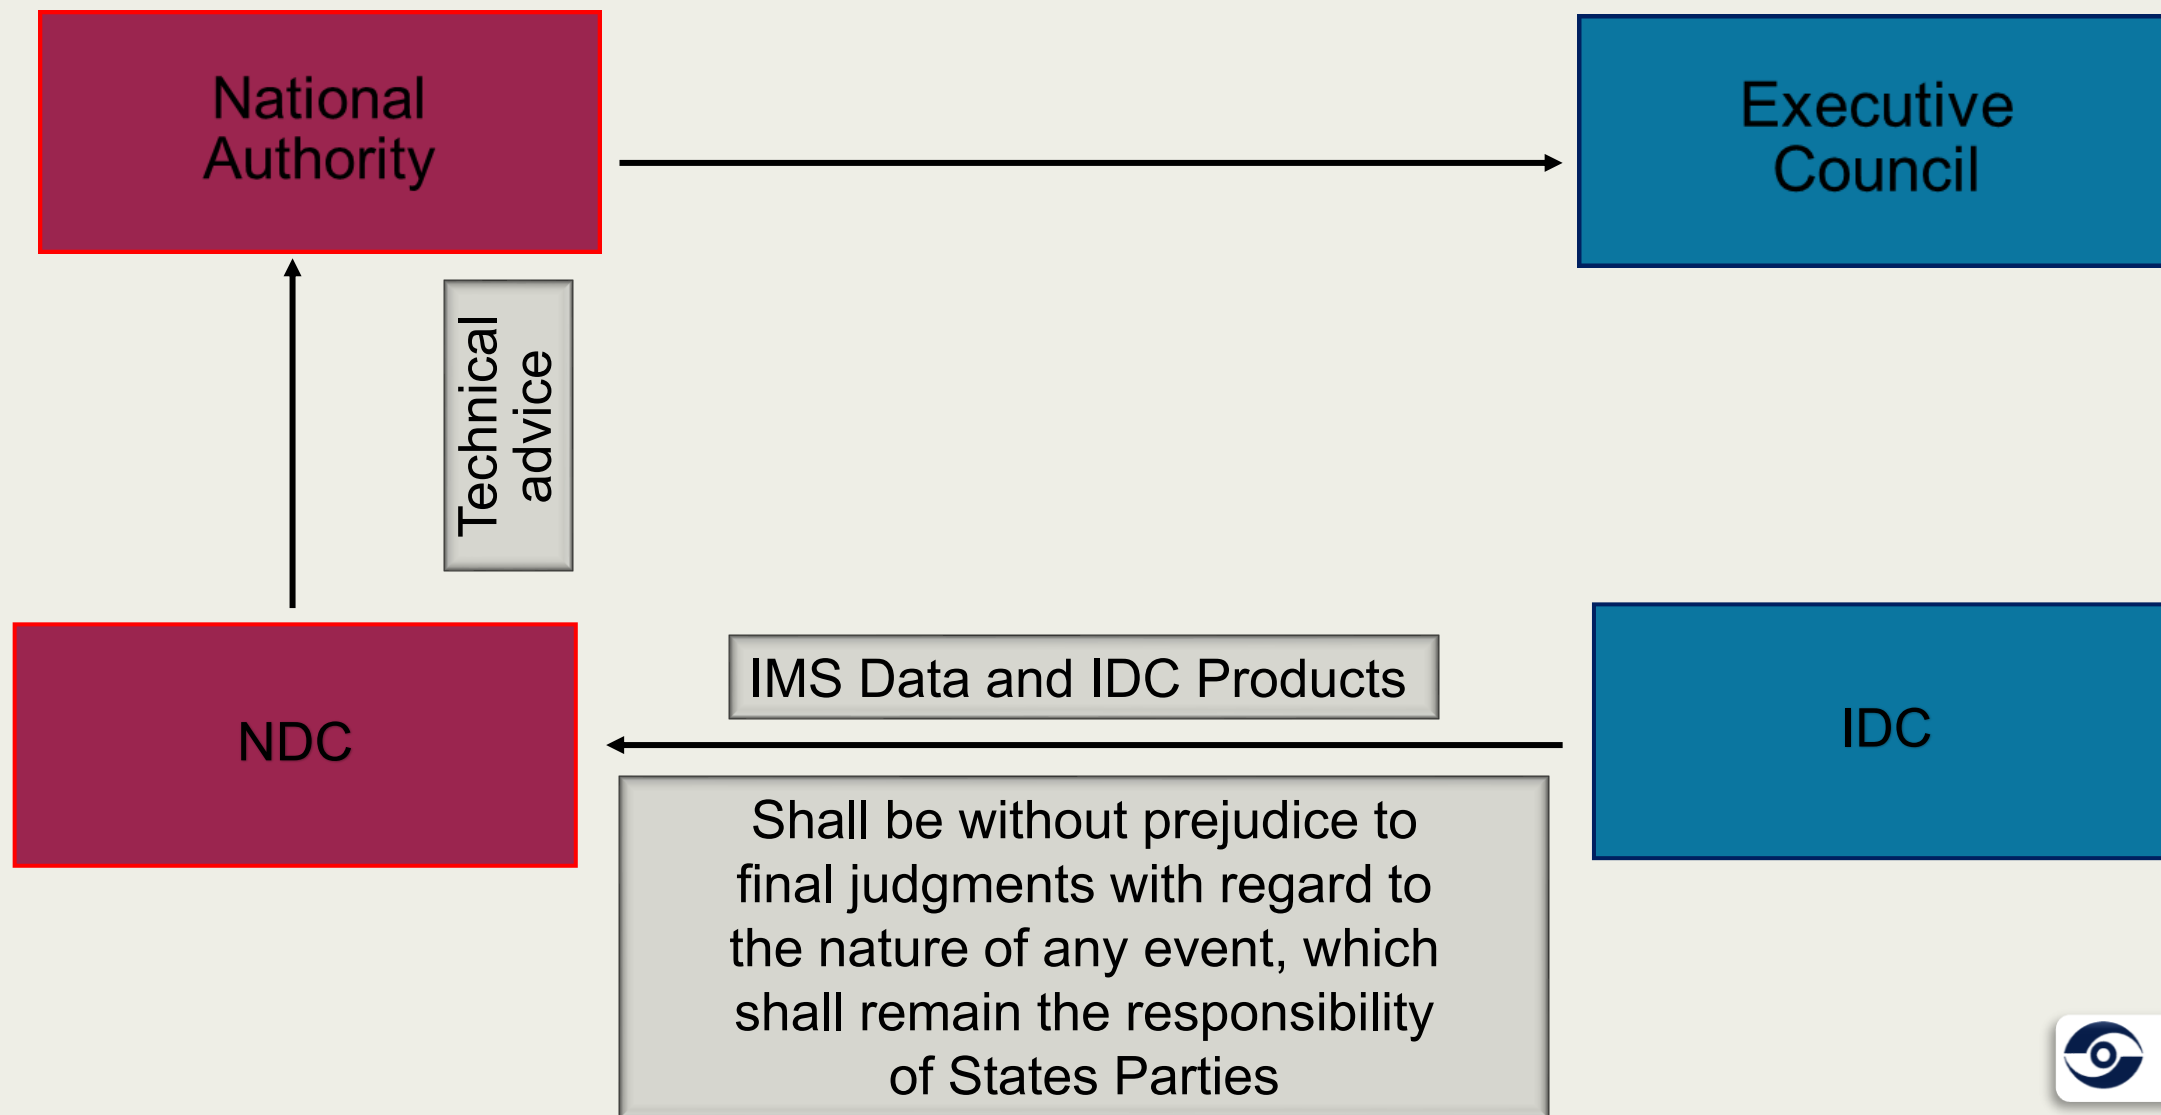

Yassine Chaari

Capacity Building and Training Officer/ The Comprehensive  
Nuclear-Test-Ban Treaty Organization (CTBTO)

Presentation Date: 11 / 09 / 2025

## NDC's role in the verification system

## Capacity Building Framework for a Sustainable, Competent, and Capable NDC

### Pillar I – Individual Competence

- Education & Training
- Technical Skills
- Continuous Learning
- Retention & Networks

### Pillar II – Organizational Capability

- Infrastructure & Tools
- Processes & Workflows
- Governance & Communication
- Collaboration & Resilience

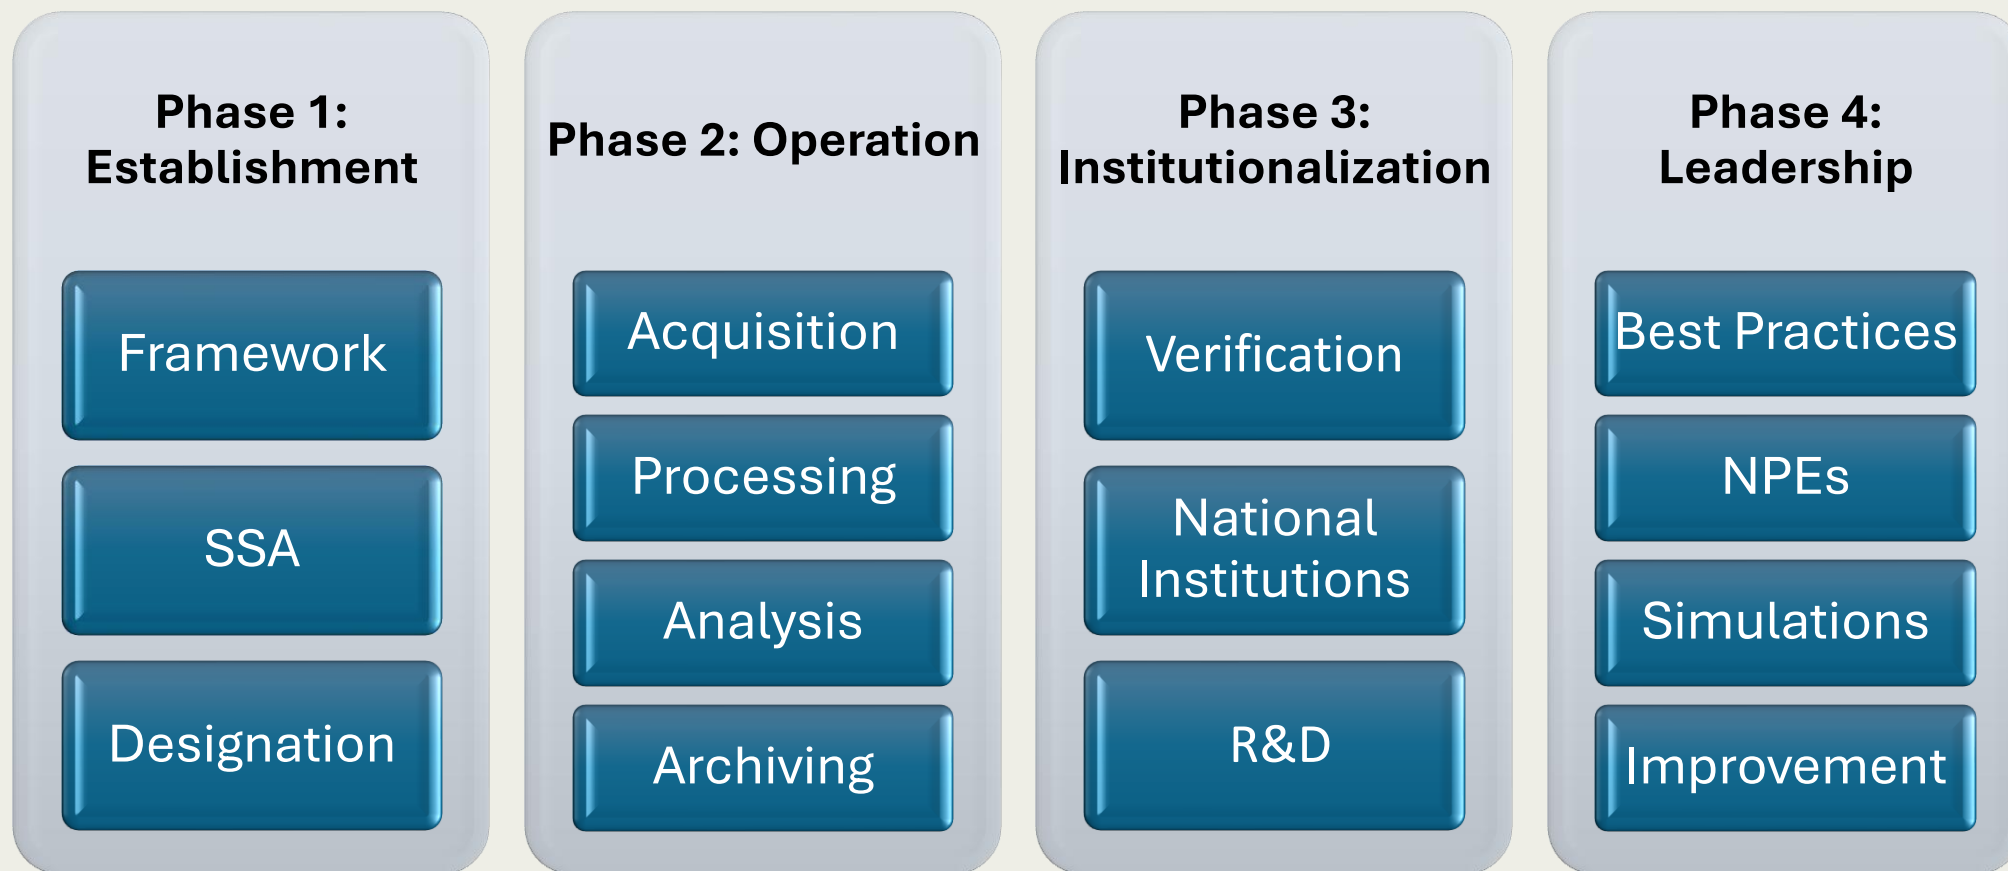

Enablers : Technology Access | Staffing and Funding | Knowledge Networks

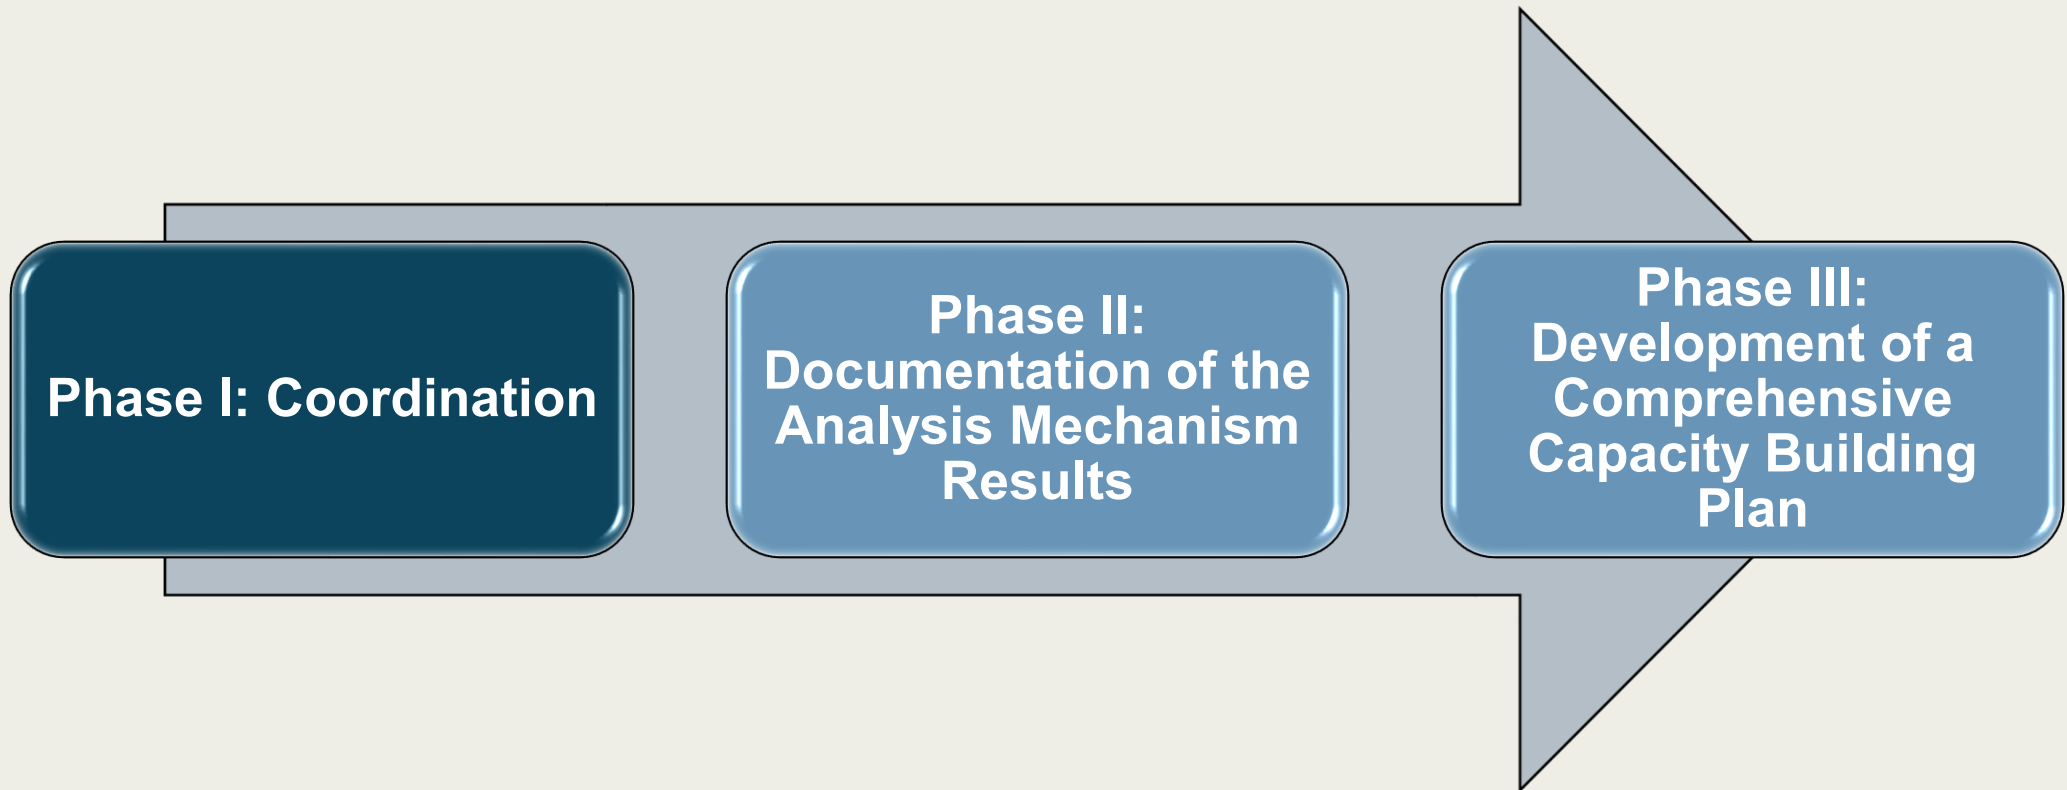

Phases: Establishment → Operationalization → Institutionalization → Leadership

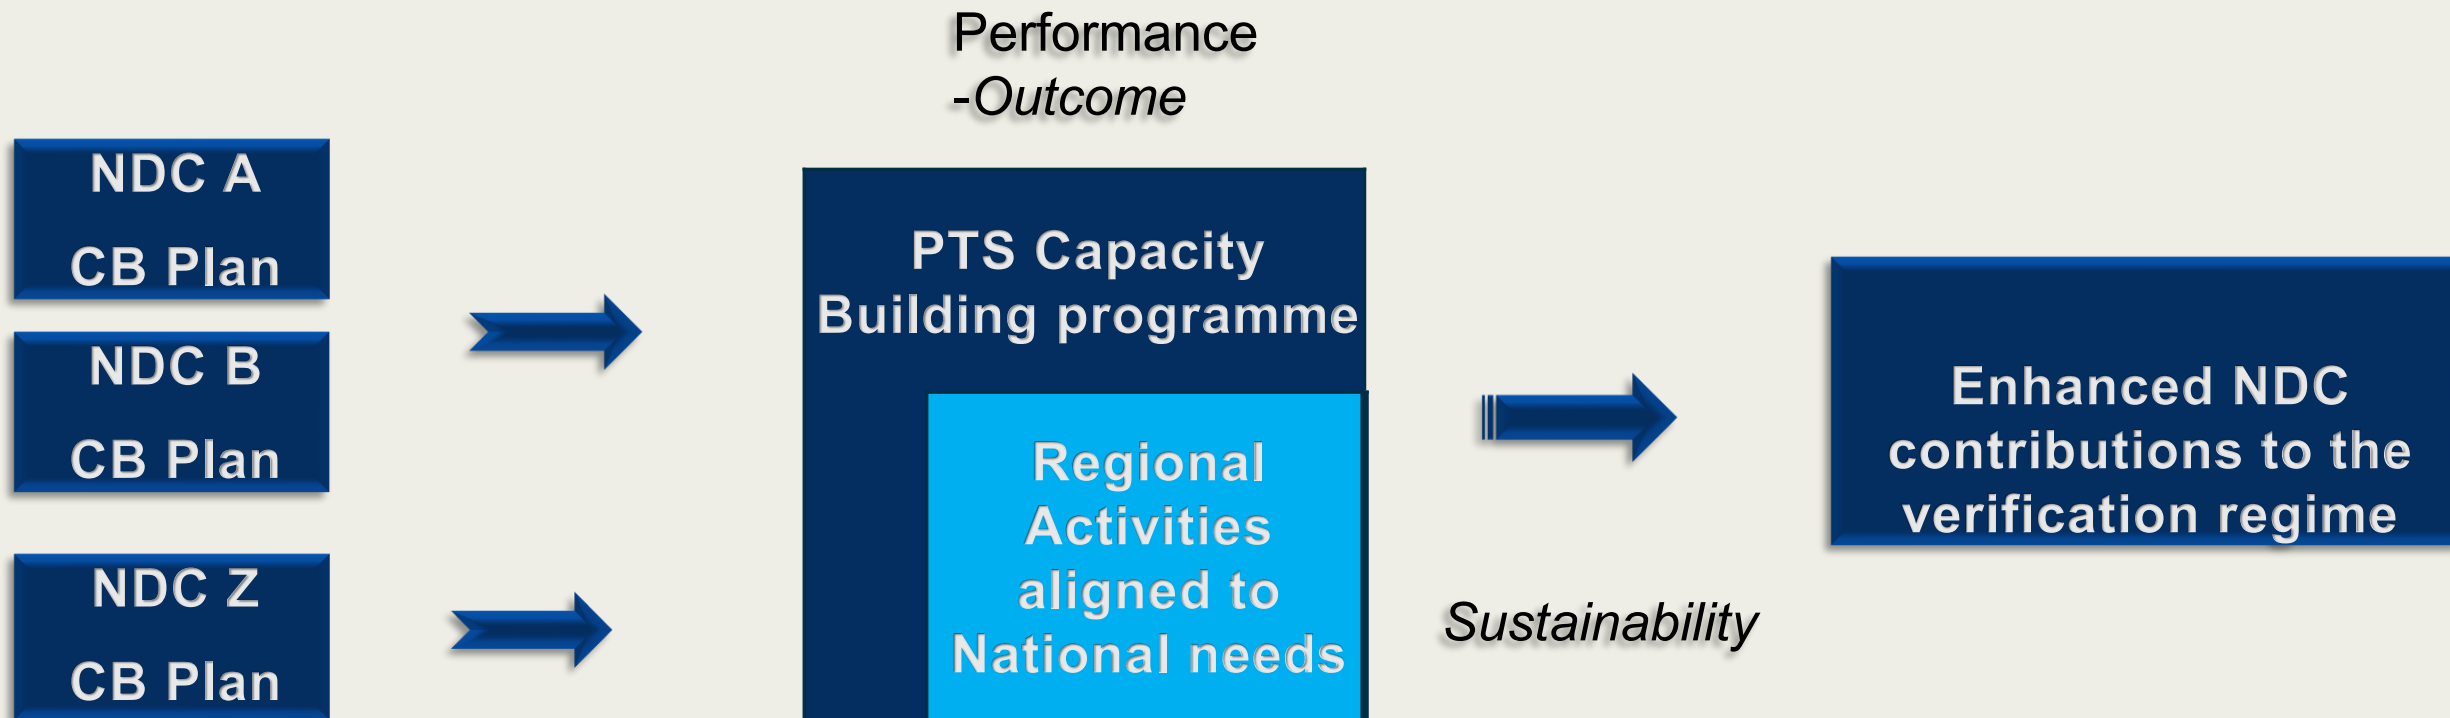

Assessment Tools for continuous improvements: Self-Assessment Checklist | Simulation | NPEs

Outcomes: Robust Verification Regime | National Benefits | Peace and Security

## Timeline

# Thank You ....
