

CTBT Science and Technology Conference 2021 (SnT2021)

Wednesday, 30 June 2021

T2.5 e-poster session: e-poster session - T2.5 - Historical Data from Nuclear Test Monitoring (09:00 - 12:00)

-Conveners: Martin B. Kalinowski

[id] title	presenter	board
[594] Digitization of Soviet Peaceful Nuclear Explosion Seismograms	Mr MACKEY, Kevin	
[92] Seismicity of the Caucasus region: a comprehensive, revised catalog for 1951-2019	Ms CZECZE, Barbara	
[443] Producing High Quality Digitizations from Historical Analog Seismograms of Nuclear Explosions	Ms BURKHARD, Kaitlynn	
[397] Applying calibrations to digitized historical analog seismograms of nuclear explosions and other important events	Mr MACKEY, Kevin	
[181] 70-years contribution of "Borovoye" Geophysical Observatory into nuclear explosions monitoring	Ms BEKBULATOVA, Dilyara	
[499] Quantitative research using digitized historic short-period nuclear explosion seismograms	Mr MARTINETTI, Luis Bernardo	
[176] Large chemical explosions of the Soviet period on the territory of Kazakhstan as ground truth events	Ms SOKOLOVA, Inna	
[297] The Travel-Time Curve For The Region Of The East Tien Shan By The Records Of Historical Seismograms Of UNE From The Lop Nor Test Site Area	Ms ARISTOVA, Irina	
[89] A Unified Seismic Bulletin of Central Asia Using Legacy Data	Ms BEREZINA, Anna	
[86] A comprehensive earthquake catalog in Central Asia	BONDAR, Istvan	
[712] Reconstructing nuclear events from annually laminated lake sediments in Northern Finland	Mr LEPPANEN, Ari-Pekka	

T2.5 e-poster session: T2.5 - Historical Data from Nuclear Test Monitoring (09:00 - 12:00)
