

CTBT Science and Technology Conference 2021 (SnT2021)

Wednesday, 30 June 2021

T4.1 - Performance Evaluation and Modelling of the Full Verification System and its Components: Oral session - Location 2 (14:45 - 16:15)

time	[id] title	presenter
14:45	Session introduction	
14:49	[121] Signal injection as a means to exercise the entire CTBT monitoring regime	Mr KREEK, Steven
15:04	[636] National Data Centre Preparedness Exercise (NPE) 2019 - Scenario Design and Expert Technical Analysis	Mr ROSS, J. Ole
15:19	[519] Seismic Network Geometry Optimization Using a Fully Automated Stochastic Method	Dr SOLTANI MOGHADAM, Saeed
15:34	[624] Bayesian localization of infrasound events with propagation metamodels	Mr MILLET, Christophe
15:49	[213] Metrology for low-frequency sound and vibration: A introduction to the Infra-AUV project.	Mr BRUNS, Thomas
16:04	Concluding remarks
